Picnic lunch. Return to Arusha.

TANZANIA

Best Time to Visit

Tanzania enjoys a temperate climate and is a year-round destination. However, temperatures on the rim of Ngorongoro Crater and Mount Kilimanjaro drop dramatically at night, particularly June - August. If you are planning to climb Kilimanjaro, it is best during the warm dry months of January and February. April and May tend to be the wettest months, June and July are the coolest, and August and September are the driest. The best time for safari is from May - October, however, December to February the wildebeest gather in the Serengeti region and the great migration begins to move north.

Temperature

Month	Jan	Feb	Mar	Apr	May	Jun
Average High (F)	92	92	90	85	79	78
Average Low (F)	64	64	66	67	65	62

Month	Jul	Aug	Sep	Oct	Nov	Dec
Average High (F)	78	80	83	88	89	90
Average Low (F)	60	60	60	62	64	64

Entry Requirements

All visitors must obtain a visa, except nationals of the East African Community, Hong Kong, Macao, Rwanda, Romania and Commonwealth countries (**excluding** Australia, Bangladesh, Canada, India, New Zealand, Nigeria, Pakistan, Sierra Leone, South Africa and United Kingdom). You also need a valid passport with at least six months prior to expiration, an onward or return ticket and proof of sufficient funds to support yourself while in the country. It is recommended that US citizens obtain their visas upon arrival, at Kilimanjaro International Airport.

Vaccinations

Hepatitis A or immune globulin (IG), Hepatitis B, and Typhoid are recommended for all travelers. Tetanus-diphtheria and measles as needed boosters. Rabies - pre-exposure vaccination if you will have extended unprotected outdoor exposure.

Yellow fever is not recommended for most travelers. The government requires proof of yellow fever vaccination upon arrival if you are traveling from a country with risk of yellow fever ([Countries with risk of yellow fever virus.](#))

Talk to your health-care provider about how to prevent malaria while traveling. You may need to take prescription medicine before, during, and after your trip to prevent malaria.

Travel Advisories

Make two photocopies of valuables such as your passport, tickets, visas and travelers' cheques. Keep one copy with you in a separate place to the original and leave another copy with someone at home.

Be sure to inform your credit card company as well as your bank you will travel internationally into Africa. This will eliminate any credit card holds for fraudulent activity.

Currency

Carrying cash, an ATM or credit card that can be used for cash advances in case of emergency is advisable. The best places to exchange money are at bureau de change, which are fast, have longer hours and often give slightly better rates than banks. Local currency is Tanzania Shillings (TSh), however national parks entry fees must be paid in US dollars by non-residents. Better hotels, lodges, and camps will accept credit cards; however it is advised to withdraw cash when visiting remote areas and villages. Note that US dollars older than 2001 will not be accepted by most places in East Africa. Traveler's Checks have become nearly impossible to cash in most all banks in Tanzania. Only hotels will accept checks from their guests, but at a far lesser rate than hard currency.

Government

The government framework of Tanzania is that of a unitary presidential democratic republic, whereby the President of Tanzania is both head of state and head of government, and of a multi-party system.

Religion

30% of Mainland Tanzania's population is Christian, 35% Muslim and 35% indigenous; Zanzibar is 99% Muslim.
